The image shows a standard European energy label for a refrigerator. It features a blue header with the 'ENERG' logo and the words 'енергия · енергія' in Cyrillic and 'ENERGIA · ENERGY · ENERGIE · ENERGI' in Latin. Below this is a scale of energy efficiency classes from A (green) to G (red). A black arrow points to class 'C'. To the right of the scale is a box for the energy consumption in kWh/annum. Below the scale are three boxes: the first with a milk carton icon and '1L', the second with a snowflake icon and 'L', and the third with a house icon and 'XY°C-YZ%'. At the bottom left is the number '2015/1094-|'. The entire label is enclosed in a blue border.
